SUMMARY

Motivated and analytical MCA fresher with strong foundational knowledge in Python, SQL, and Machine Learning. Skilled in using data-driven approaches for problem-solving and eager to apply technical and analytical skills to develop scalable ML solutions that improve business outcomes

EDUCATION

Master Of Computer Applications

Sept 2023-July 2025

Mar Athanasios College For Advanced Studies Tiruvalla

8.09 scpa

Bachelor Of Computer Applications

June 2019-June 2022

Saintgits College Of Applied Sciences Kottayam

8.0 ccpa

PROJECTS

- **Job Portal Website**

Technologies: ASP.NET MVC, C#, SQL Server

Developed a web application that enables job seekers to search and apply for jobs while allowing companies to manage postings. Focused on implementing MVC architecture, data validation, and secure database connectivity.

ACADEMIC EXPERIENCES

- Developed and implemented basic Machine Learning programs during MCA using Scikit-learn and Python for regression and classification problems.
- Worked with Pandas and NumPy for data cleaning, manipulation, and visualization.
- Applied Matplotlib for visualizing trends and relationships within datasets.
- Hands-on experience in data handling and SQL-based data retrieval as part of academic projects.
- Used PyCharm IDE for developing and debugging ML and data analysis programs.

ACHIEVEMENTS AND CERTIFICATIONS

- | | |
|--|---------------------|
| • Currently pursuing a course in ASP.NET MVC Full Stack with Angular | June 2025- Nov 2025 |
| • Internship program in Python Django - Luminar Technohub | March 2025 |
| • AWS for Administrators - Infosys Springboard | April 2025 |
| • Database Management System - NPTEL | Jan -March 2024 |
| • IT Industry Training Programme - Faith Academy Technopark | November 2024 |
| • Programming For Everybody(getting started with python) - Coursera | May 2020 |

SKILLS

- **Programming & Tools:** Python, SQL, Pandas, NumPy, Scikit-learn, Matplotlib
- **Machine Learning Techniques:** Linear Regression, Logistic Regression, Classification, Data Preprocessing
- **IDE & Tools:** PyCharm, VS Code, Git
- **Database Management:** MySQL, SQL Server
- **Soft Skills:** Analytical Thinking, Team Collaboration, Problem Solving
